

**The Midwest Skijorers Club is a non-profit organization with a goal of providing helpful unbiased exchange of information. With that in mind we choose to be member supported.**

**Not being supported by an exclusive corporate sponsor put us at a definite financial disadvantage, but it allows us to stay abreast of ALL new products and services and to share all information rather than being restricted by exclusive agreements. We believe you, your dog, and the sport deserve this unbiased approach.**

**We do accept Event sponsors and we always work to make event sponsoring and in-kind contributing always be a win-win arrangement for all of us.**
